Eisav was very angry!

Yaakov had to leave his home and travel to Charan, a land far, far away.

As Yaakov traveled, he learned Torah and taught the people around him the ways of Hashem.

Yaakov walked and walked.

He was so **tired**!

He stopped on a special mountain, Har Hamoriya, to rest.

Yaakov placed twelve stones around his body and lay down to sleep.

We can be like Yaakov!

Even when things were hard, Yaakov kept doing what was right.

We can do the right thing and remember that Hashem is always with us!
